## Vesta 手扫感应橱柜灯

VESTA KITCHEN UNDER CABINET LIGHT

现代主义外观设计，配合最新高显色性ELED发光技术，带来厨房体验革命式升级。超质感的金属外观和当代家居设计融为一体，高显色性光源透过大面积灯面导出，无论在任何操作平面，都可清晰呈现食材原本色泽。非触摸式手扫开关，无级旋钮计时器，大容量聚合物锂电池抛弃传统物理式接入，最大程度满足了厨房操作、工作照明和设计整体化需求。

Our innovating kitchen under-cabinet light brings you a revolutionary cooking experience. With a full aluminum body and sleek design, it matches any kitchen style beautifully. Through an edge cutting ELED light guiding technology, the high CRI LED light restores the natural color back on the illuminated objects, gives your ingredients a fresher look and makes the dishes more attractive. Powered by a large lithium polymer battery, the installation is free from the trouble of hard wiring. Features large LCD timer and gesture control, a minimalism in the kitchen and pragmatism in the heart.

人体与环境光源全自动感应  
超高显色光源与ELED导光技术  
多种安装方式

## Venus 智能感应灯

VENUS MOTION SENSOR LED LIGHT

最新光学科技和工业设计的结合，超高显色光源与ELED导光技术，让衣物本色真实还原。人体与环境光源的自动感应开关，即刻享受人工智能给家居带来的全新体验。流线设计全铝合金灯身以及多种安装方式配合，简单、大方、牢固。可吸附式聚合物锂电池，脱离传统走线式布局，使得“Venus”可在玄关，浴室，走廊，衣柜，储物柜等多个地方灵活运用。无论昼夜，总有一束光懂你的生活。

Using the latest ELED technology, the Venus LED light makes the color in your wardrobe vibrant again. The light from the high CRI panel reflects the real colors on the textile, you now can see the exact what the designers saw. Upgraded two sensor mode, a cooperation between the Motion and Light sensor takes away manual configuration, home automation has never been this approachable. Features a modern design and extremely thin profile, the Venus is perfect for the wardrobe, closet, hallway, bedroom. The detachable battery module and multiple installation options also makes it ultra-durable and free from the hassle of hard wiring. No matter where and when, a piece of sunshine is always with you.

## Flora 智能感应灯

FLORA MOTION SENSOR LED LIGHT

超高显色指数光源与ELED导光技术的结合，加上人体与环境光源的自动感应开关，让您享受到人工智能家居带来的便捷与舒适。流线设计全铝合金灯身，简单又大方。脱离传统走线式布局，便捷的安装方式，使得“Flora”可在玄关，浴室，走廊，衣柜，储物柜等多个地方使用。无论多晚，总有一盏灯在等候着您回家。

Meeting the latest trend in the home lighting. A fusion of home automation and leading industrial design, the Flora motion sensor light is compact, bright and multipurpose. Empowered by the innovating dual sensor technology, Flora operates only when human motion is detected in a dark environment. Eleven inches in length makes it perfect for smaller spaces such like drawers, cabinets and display shelves. The light from ELED panel is softer and anti-glare while still maintains a high brightness and large coverage. It is small in size but big in splendor.
